April 5, 2011

We were blessed to have Tim Francis visit our parish on April 2, 2011 to give his presentation “What do You Believe?” He held us engrossed as he offered scientific evidence that the the consecrated bread and wine are truly the Body and Blood of Christ. In sharing these convincing truths Tim guided us to a new and deeper awareness of the Lord’s presence. He challenged the audience to deepen their devotion to the Lord through increased Mass Attendance and Eucharistic Adoration.

I was fascinated by the dialogue that he opened with my parishioners and guests during his question and answer segment. There were so many questions asked and so many hearts stirred. As I later learned the questioning did not end at the church but continued at the local diner where he and his family went to eat. There, some who had been in attendance made their way to his table reaching out for more.

I found this evening of grace to be invaluable as I saw my parishioners re-connecting to the roots of their Catholic identity through Tim’s dynamic energy and passion. I highly recommend that parishes invite Tim Francis to light the fire in the hearts of all Catholics.

Rev. Theemas Pankiraj
Pastor
