The Tim Francis program, Reason to Believe, carefully reviews scientific analysis pointing to the authenticity of several miracles. But the program broadens the discussion to an overview of the gift of faith and the recovery of faith which has been weakened by the skepticism of our secular world.

At St. Ignatius the attendance on the second night was nearly double that of the first night. The word about this even had spread throughout our parish! We were impressed that the people all stayed to the program's end at 9:30pm, even though it began at 7:00pm.

Perhaps the theme of this program might be described as a "fresh look" at our age-old faith. I recommend it highly.
